

Dear Parent/Guardian:

The Rogers Community-School Recreation Association offers scholarships for the Summer Day Camp (SDC) program at the Rogers Activity Center for qualifying families. These scholarships are made available through the funds that are received from United Way and private donations.

To be considered for a scholarship by the funding committee, you must submit:

- **A complete scholarship application**
- **A complete SDC registration form**
- **Two (2) current pay stubs for each working member in the household**
- **Copy of your federal tax filing**

**No application will be reviewed unless all documentation is complete!**

The funding committee will review the applications on May **18th, 2015**. Any applications submitted after May 17th will be considered at the next funding committee meeting on **June 3rd, 2015**.

**YOU** must contact the Rogers Activity Center after the dates above to check the status of the scholarship.

**Scholarship approval DOES NOT guarantee your child a place in the program.**

Your child **CANNOT** be enrolled in the program until your fee for the first week is paid. RAC membership is required and must be current through the entire length of camp. It is the **PARENTS/GUARDIAN RESPONSIBILITY** to ensure that all forms are completed and fees paid prior to enrollment in camp.

**You cannot add weeks to your scholarship. Any additional weeks must be paid at full price.**

Summer Day Camp scholarships require one (1) week advance notice of absence. Regular attendance is required for each week that has been approved. Scholarships may be revoked for excessive absenteeism and fees for the **FULL** amount will be charged.

Anyone found to have submitted false documentation will have their scholarship revoked and will be ineligible for any further scholarship funds.

**Scholarships may be revoked, at any time, at the discretion of management.**
